**WHAT'S
IN IT**

FOR ME?

PAPER

In a world with endless choices and opportunities, how can we make our contribution to preserving limited resources while also protecting people and the planet? One solution is paper. We believe that paper has an almost infinite potential to help address these complex issues. Because paper is an extraordinary material. It's a powerful resource of renewable origin with remarkably strong, flexible, and highly versatile properties – ready to make a difference.

Did you know that the pulp for our paper is made from fast-growing eucalyptus, and it only takes seven years for the plant to re-grow?

YOUR BENEFIT

What can paper do for you?

With a paper-based solution, you are not only selecting a sustainable product, derived from a renewable resource. You are also working with a material that's highly adaptable and offers unlimited possibilities. As a technologically advanced material, paper's flexible and versatile properties invite you to craft products that actively contribute to protecting people and the planet.

MADE

OUR MISSION

We enable solutions in people's lives by harnessing the power of paper.

For over 125 years, we have been at the forefront of the paper industry, always ready to tap into new knowledge and evolve our expertise in paper and its many applications. We know that paper alone is not the final solution.

It's only through working together with our customers and partners that we can truly harness the power of paper and realize its unlimited potential.

Did you know that paper is constantly at work behind the scenes? From the release liner that helps make mobile phones thin and lightweight to the decor papers that add a touch of elegance to homes – there's an endless number of applications to explore.

YOUR BENEFIT

How can we explore tomorrow's solutions together?

At Felix Schoeller, we support you in creating solutions that are made for life, people, and the planet. By sharing our technical capabilities and expertise on high-quality paper applications, we aim to be your partner, advisor, and enabler – to help you go beyond paper towards creating solutions that make a difference in people's lives. By forming long-term partnerships and collaborations that are built on mutual trust, you will benefit from a reliable and loyal partner to your business.

FOR LIFE

OUR VISION

We make life better through paper.

We need solutions that preserve the life we all know and cherish the moments that make a difference in our lives. That's why we at Felix Schoeller strive for our vision to make life better through paper. We think ahead and actively demonstrate the infinite potential of paper.

Because we understand future viability not only as an opportunity but as a responsibility. That's why we are already looking at tomorrow today, and we encourage our partners and customers to join our vision.

YOUR BENEFIT

How can you make life better through paper?

Paper offers vital technical qualities that enable you, as our customer and partner, to create better solutions. Solutions that are needed to empower the people around us to live the lives they wish to live. Together, we continue to advance our paper-based solutions and drive new applications, substitute limited resources, and contribute to a better tomorrow.

IN A NUTSHELL

By harnessing the power of paper, we at Felix Schoeller enable our customers and partners to deliver solutions that make life better for people and the planet. We do so by providing established paper solutions, by enhancing the use of paper in new applications, and by substituting limited resources through a renewable raw material, paper.
